Hey, @Jim ~The mods of GGaD

Hey there,

So we've noticed you've been roleplaying quite a lot recently. That'd be okay, except
We've also seen that you have been rather rude and needlessly violent in some thread. Even if not directly caused by your characters, this has been getting annoying for quite some time.

You were warned by us, that's the reason you were accepted. As long as no trouble was caused.
Now a couple forumers have been complaining about this and therefore we must say you're banned from GGaD.

I . . . I feel like I should say something sympathetic like I usually do, but I honestly am not entirely sure what's happening. One of the only memories I have of Jim in GGaD (let's be honest here, I didn't do much in GGaD with him because I'm just new enough) is pretty enjoyable. (I hope nobody hates me for this, but I'm simply stating what I remember.)

Mari got a bit on her snippy side (surprise, surprise) so Kharn threw Cynthia into it. I gotta say, it sure calmed Mari down! Okay, I will admit, "Kharn threw Cynthia at Mari" (or whatever it said, I may have rearranged the wording here) *is* a bit much, but he didn't try to forcefully ship something that was officially NOT canon. And that was his only post on the subject. (And yes, I will acknowledge that Mari can be a bit much sometimes. I try to cancel her out with the bubbly Drago, but sometimes it really *does* take a third-party!)

Now remember, I didn't see Jim much in GGaD, so it is ethically impossible for me to take sides. However, I just wanted to do what I usually do and offer my respects. The few encounters I had were pretty fun. I don't know what happened when I wasn't around, but I just felt I should say something kind here. But like I said, I adamantly refuse to take sides here because I only interacted with him about 3 or 4 times the *entire* time I've roleplayed. I don't really know him well *outside* of the RP, to be honest, so I really can't say anything about other encounters.

Gosh, I really don't know what to say. I guess all I really *can* say is that Jim, it was a pleasure to roleplay with you. But I guess the mods are right, though I honestly haven't been here long enough to truly know what happened. (I doubt anyone on here would lie about seeing a warning thread, or being rude in an RP, but . . . yeah, I've made my point.)
(I'm probably overdoing it ;-;)

I'm sorry that you got banned, but I did notice that you were being a little bit too violent with characters controlled by other people.
